#### SAFETY DATA SHEET ŠKODA according to Regulation (EC) No 1907/2006 (REACH) as amended Screen wash additive -Winter 1L Creation date 11. March 2019 Revision date Version 1.0 P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501 Dispose of contents/container to by handing over to the person authorized to dispose of waste or by returning to the supplier. Requirements for child-resistant fastenings and tactile warning of danger Container must carry a tactile warning of danger. 2.3. Other hazards

Mixture does not contain any substance meet the criteria for PBT or vPvB in accordance with Annex XIII of Regulation (EC) No. 1907/2006 (REACH) as amended.

#### SECTION 3: Composition/information on ingredients

### 3.2. Mixtures

#### Chemical characterization

Mixture of substances and additives specified below.

# Mixture contains these hazardous substances and substances with the highest permissible concentration in the working environment

Identification numbers	Substance name	Content in % weight	Classification according to Regulation (EC) No 1272/2008	Note.
Index: 603-002-00-5 CAS: 64-17-5 EC: 200-578-6 Registration number: 01-2119457610-43	ethyl alcohol		Flam. Liq. 2, H225 Eye Irrit. 2, H319 Specific concentration limit: Eye Irrit. 2, H319: $C \ge 50 \%$	1

#### Notes

1 Substance for which exposure limits of Community for working environment exist.

Full text of all classifications and hazard statements is given in the section 16.

#### **SECTION 4: First aid measures**

#### 4.1. Description of first aid measures

Take care of your own safety. If any health problems are manifested or if in doubt, inform a doctor and show him information from this safety data sheet. If unconscious, put the person in the stabilized (recovery) position on his side with his head slightly bent backwards and make sure that airways are free; never induce vomiting. If the person vomits by himself, make sure that the vomit is not inhaled. In life threatening conditions first of all provide resuscitation of the affected person and ensure medical assistance. Respiratory arrest - provide artificial respiration immediately. Cardiac arrest - provide indirect cardiac massage immediately.

#### Inhalation

Terminate the exposure immediately; move the affected person to fresh air. Protect the person against growing cold. Provide medical treatment if irritation, dyspnoea or other symptoms persist.

#### Skin contact

Remove contaminated clothes. Wash the affected area with plenty of water, lukewarm if possible. Soap, soap solution or shampoo should be used if there is no skin injury. Provide medical treatment if skin irritation persists. Rinse skin with water/shower.

#### Eye contact

Rinse eyes immediately with a flow of running water, open the eyelids (also using force if needed); remove contact lenses immediately if worn by the affected person. Rinsing should continue at least for 10 minutes. Provide medical treatment, specialized if possible.

#### Ingestion

DO NOT INDUCE VOMITING! Rinse out the mouth with water and provide 2-5 dL of water. Provide medical treatment if the person has any health problems.

#### 4.2. Most important symptoms and effects, both acute and delayed

Inhalation Not expected. Skin contact Not expected. Eye contact Causes serious eye irritation. Ingestion

Irritation, nausea.

# Screen wash additive -Winter 1L

Creation date Revision date 11. March 2019

Version

1.0

**4.3.** Indication of any immediate medical attention and special treatment needed Symptomatic treatment.

#### **SECTION 5: Firefighting measures**

#### 5.1. Extinguishing media

#### Suitable extinguishing media

Alcohol-resistant foam, carbon dioxide, powder, water spray jet, water mist.

#### Unsuitable extinguishing media

Water - full jet.

#### 5.2. Special hazards arising from the substance or mixture

In the event of fire, carbon monoxide, carbon dioxide and other toxic gases may arise. Inhalation of hazardous degradation (pyrolysis) products may cause serious health damage.

#### 5.3. Advice for firefighters

Self-Contained Breathing Apparatus (SCBA) with a chemical protection suit only where personal (close) contact is likely. Use a self-contained breathing apparatus and full-body protective clothing. Closed containers with the product near the fire should be cooled with water. Do not allow run-off of contaminated fire extinguishing material to enter drains or surface and ground water.

#### **SECTION 6: Accidental release measures**

#### 6.1. Personal precautions, protective equipment and emergency procedures

Provide sufficient ventilation. Highly flammable liquid and vapour. Remove all ignition sources. Use personal protective equipment for work. Follow the instructions in the Sections 7 and 8. Prevent contact with skin and eyes.

#### 6.2. Environmental precautions

Prevent contamination of the soil and entering surface or ground water.

#### 6.3. Methods and material for containment and cleaning up

Spilled product should be covered with suitable (non-flammable) absorbing material (sand, diatomaceous earth, earth and other suitable absorption materials); to be contained in well closed containers and removed as per the Section 13. In the event of leakage of the substantial amount of the product, inform fire brigade and other competent bodies. After removal of the product, wash the contaminated site with plenty of water. Do not use solvents.

#### 6.4. Reference to other sections

See the Section 7, 8 and 13.

#### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Prevent formation of gases and vapours in flammable or explosive concentrations. The product should be used only in the areas where it is not in contact with open fire and other ignition sources. Use non-sparking tools. Use of antistatic clothes and footwear is recommended. Prevent contact with skin and eyes. No smoking. Use only non-sparking tools. Wash hands and exposed parts of the body thoroughly after handling. Use personal protective equipment as per Section 8. Observe valid legal regulations on safety and health protection. Ground and bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment. Take precautionary measures against static discharge. Avoid release to the environment.

#### 7.2. Conditions for safe storage, including any incompatibilities

Store in tightly closed containers in cold, dry and well ventilated areas designated for this purpose. Do not expose to sunlight. Keep container tightly closed. Keep cool.

#### The specific requirements or rules relating to the substance/mixture

Solvent vapours are heavier than air and accumulate especially near the floor where they may form an explosive mixture with the air.

#### 7.3. Specific end use(s)

not available

#### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

according to Regulation (EC) No 1907/2006 (REACH) as amended

## Screen wash additive -Winter 1L

Creation date Revision date

# 11. March 2019

Version

1.0

### United Kingdom of Great Britain and Northern Ireland

Substance name (component)	Туре	Time of exposure	Value	Note	Source	
ethyl alcohol (CAS: 64-17-5)	WEL	8 hours	1920 mg/m <sup>3</sup>		Costic	
	WEL	8 hours	1000 ppm		Gestis	

#### 8.2. Exposure controls

Do not eat, drink and smoke during work. Wash your hands thoroughly with water and soap after work and before breaks for a meal and rest.

Eye/face protection

### Protective goggles.

### Skin protection

Hand protection: Protective gloves resistant to the product. Contaminated skin should be washed thoroughly.

#### **Respiratory protection**

Halfmask with a filter against organic vapours in the poorly ventilated environment.

#### Thermal hazard

Not available.

#### Environmental exposure controls

Observe usual measures for protection of the environment, see Section 6.2.

#### **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

-		
	Appearance	liquid
	Physical state	liquid at 20°C
	color	blue
	Odour	characteristic
	Odour threshold	data not available
	pH	9.3 (undiluted)
	Melting point/freezing point	data not available
	Initial boiling point and boiling range	>80 °C
	Flash point	22 °C
	Evaporation rate	data not available
	Flammability (solid, gas)	Highly flammable liquid and vapour.
	Upper/lower flammability or explosive limits	
	flammability limits	data not available
	explosive limits	data not available

	solubility in fats	data not available
	Partition coefficient: n-octanol/water	data not available
	Auto-ignition temperature	data not available
	Decomposition temperature	data not available
	Viscosity	data not available
	Explosive properties	The product does not have explosive properties but can be explosive when blended with air.
	Oxidising properties data not available	data not available
	Other information	
	Density	0.92 g/cm <sup>3</sup>
	ignition temperature	data not available
	none	

9.2.

according to Regulation (EC) No 1907/2006 (REACH) as amended

#### Screen wash additive -Winter 1L Creation date 11. March 2019 1.0 Revision date Version **SECTION 10: Stability and reactivity** 10.1. Reactivity not available 10.2. Chemical stability The product is stable under normal conditions. 10.3. Possibility of hazardous reactions Unknown. 10.4. Conditions to avoid The product is stable and no degradation occurs under normal use. Protect against flames, sparks, overheating and against frost. 10.5. Incompatible materials Protect against strong acids, bases and oxidizing agents. 10.6. Hazardous decomposition products Not developed under normal uses. Dangerous outcomes such as carbon monoxide and carbon dioxide are formed at high temperature and in fire.

#### SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

No toxicological data is available for the mixture.

#### Acute toxicity

Based on available data the classification criteria are not met.

ethyl alcohol

Route of exposure	Parameter	Value	Time of exposure	Species	Sex
Inhalation (vapor)	LC50	124.7 mg/l	4 hour	Rat	
Oral	LD Lo	7000 mg/kg bw		Rat	
Inhalation (vapor)	LC50	116.9 mg/l	4 hour	Rat	
Inhalation (vapor)	LC50	133.8 mg/l	4 hour	Rat	

#### Skin corrosion/irritation

Based on available data the classification criteria are not met.

#### Serious eye damage/irritation

Causes serious eye irritation.

ethyl alcohol

Route of exposure	Result	Time of exposure	Species
	Irritating		Rabbit

#### Respiratory or skin sensitisation

Based on available data the classification criteria are not met.

#### Germ cell mutagenicity

Based on available data the classification criteria are not met.

#### Carcinogenicity

Based on available data the classification criteria are not met.

### **Reproductive toxicity**

Based on available data the classification criteria are not met.

ethyl alcohol

	Parameter	Value	Result	Species	Sex
Effects on fertility	NOAEL	>16000 ppm	No effect	Rat	
	NOAEL	5200 mg/kg/24hour	Indeterminate	Rat	

#### Toxicity for specific target organ - single exposure

Based on available data the classification criteria are not met.

ethyl alcohol

Route of exposure	Parameter	Value	Time of exposure	Specific target organ	Result	Species	Sex
Inhalation	LOAEL	2.6 mg/l	30 min	Nervous system	Drowsiness, Dizziness	Human	
Inhalation	LOAEL	9.4 mg/l		Lungs	Indeterminate	Human	

#### Toxicity for specific target organ - repeated exposure

Based on available data the classification criteria are not met.

#### Aspiration hazard

Based on available data the classification criteria are not met.

#### **SECTION 12: Ecological information**

#### 12.1. Toxicity

#### Acute toxicity

Harmful to aquatic life with long lasting effects.

ethyl alcohol	ethyl alcohol						
Parameter	Value	Time of exposure	Species	Environment	Determining method		
EC 0	3.9 g/l	200 hour	Fishes		Experimentally		
EC50	>10000 mg/l	24 hour	Daphnia		Experimentally		
EC50	8800 mg/l	96 hour	Algae		Experimentally		

#### **Chronic toxicity**

ethyl alcohol

Parameter	Value	Time of exposure	Species	Environment	Determining method
LC50	9248 mg/l	48 hour	Invertebrates		Experimentally
NOEC	250 mg/l	120 hour	Fishes (Oncorhynchus mykiss)		Experimentally
NOEC	1000 mg/l	120 hour	Fishes		Experimentally

#### More information

Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water. Do not allow undiluted or in large quantities to enter groundwater, catchment area or sewage system.

#### 12.2. Persistence and degradability

Data not available.

#### 12.3. Bioaccumulative potential

Not available.

according to Regulation (EC) No 1907/2006 (REACH) as amended

Creation date Revision date 11. March 2019

Version

1.0

#### 12.4. Mobility in soil

Not available.

#### 12.5. Results of PBT and vPvB assessment

Product does not contain any substance meeting the criteria for PBT or vPvB in accordance with the Annex XIII of Regulation (EC) No 1907/2006 (REACH) as amended.

#### 12.6. Other adverse effects

Not available.

#### **SECTION 13: Disposal considerations**

#### 13.1. Waste treatment methods

Hazard of environmental contamination; dispose of the waste in accordance with the local and/or national regulations. Proceed in accordance with valid regulations on waste disposal. Any unused product and contaminated packaging should be put in labelled containers for waste collection and submitted for disposal to a person authorised for waste removal (a specialized company) that is entitled for such activity. Do not empty unused product in drainage systems. The product must not be disposed of with municipal waste. Empty containers may be used at waste incinerators to produce energy or deposited in a dump with appropriate classification. Perfectly cleaned containers can be submitted for recycling.

#### Waste management legislation

Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 on waste, as amended. Decision 2000/532/EC establishing a list of wastes, as amended.

#### Waste type code

20 01 29 detergents containing dangerous substances

#### Packaging waste type code

15 01 10 packaging containing residues of or contaminated by dangerous substances

#### **SECTION 14: Transport information**

- 14.1. UN number
- UN 1170
- **14.2.** UN proper shipping name ETHANOL
- **14.3.** Transport hazard class(es) 3 Flammable liquids

#### 14.4. Packing group

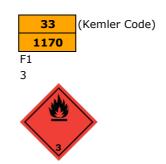

II - substances presenting medium danger

- 14.5. Environmental hazards
- not available 14.6. Special precautions for user
  - Reference in the Sections 4 to 8.

# 14.7. Transport in bulk according to Annex II of Marpol and the IBC Code not available
