

## What is the ŠKODA Tyre Warranty?

Even the highest quality tyres aren't totally immune to the baits they encounter on the road. Whether caused by nails, sharp curbs or rocks, tyre damage is usually so extensive that you must purchase a new one. This is why the ŠKODA Tyre Warranty programme ensures that a destroyed tyre won't upset your finances. With this warranty you can enjoy a discount of up to 70% on the new tyre price.

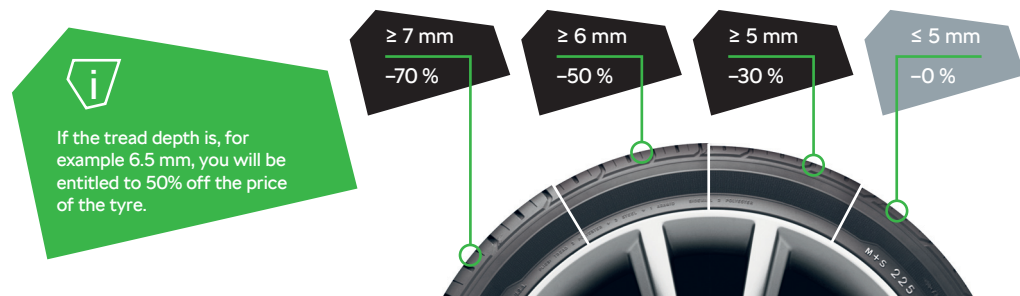

You automatically qualify for this warranty when you buy the complete winter wheel package from an authorised ŠKODA business partner. The warranty is provided for individual tyres, regardless of how many you purchase. It applies to non-repairable damage caused in normal operation, including, but not limited to, running onto a curb. If you have the lifetime warranty of mobility valid, you can also have your vehicle towed to the nearest ŠKODA authorised service shop.

The discount amount (as well as the warranty duration) depends on the depth of the tyre tread profile, with the limit being 5 mm. Warranty claims may be applied within 3 years from the purchase of the complete winter wheel. You can register the warranty with any ŠKODA authorised partner in your country.

## What discount can I apply for under Tyre Warranty?

The following figure summarises the procedure for calculating the discount you will receive.

## What is covered by the warranty?

- ✓ Only for tyre damage that is not cannot be repaired.
- ✓ Damage caused by normal traffic (including driving over potholes or kerbs).

## What is not covered by the warranty?

- ✗ Tyre fitting, removal and the materials needed for fitting.
- ✗ Disc damage.

The warranty can only be claimed if the repair of the damage, the purchase and fitting of the tyre are carried out by an authorised ŠKODA service partner.
